PRESENTATION GUIDELINE

Oral Presentation

Please check the final programme for the exact schedule of your lecture. Each oral presentation will be 10-25 minutes in total, including questions and discussions. Strict timekeeping will be essential for the smooth running of the conference. We suggest to use a minimum font of 24 pt for your presentation slides.

Multi-media projector with personal computer will be available for presentations. Multi-media presentations should be prepared in Windows compatible format in English. In case that you need internet /special software for your presentation or if you have videos included into your file, please notify us in advance. The best ratio for your presentation would be 4:3. The presentation file should be pre-loaded in the conference computer before the session begins.

Poster Presentation

Poster sessions will be arranged on the poster area of the second floor in Convention & Exhibition Center at 18:00-20:00 on October 18-20. Please refer to the program to find your poster number on the board.

1. Display board

A display board with 120cm high by 90cm wide will be provided for each poster presentation. The poster can be mounted with adhesive bands, which will be provided at the registration site.

2. General Appearance

Poster presentation should include the title, abstract, main text, figures and/or tables, diagrams and conclusions. Please include your contact data (names, institute, address, phone, fax, e-mail). Use of color in the poster presentation makes visual communication more effective. Textual and graphic illustrations should be kept simple but effective.

3. Lettering

All poster lettering should be typewritten. Since your poster will be read at distance of a couple of meters, use appropriate size lettering.

4. Set-up and Presentation

Authors or their representative must be in attendance to set-up their display and to present their posters at the session time designated in the scientific program.
